EDA Investment Programs:

**Public Works**: Empowers distressed communities to revitalize, expand, and upgrade their physical infrastructure to attract new industry, encourage business expansion, diversify local economies, and generate or retain long-term, private sector jobs and investment.

**Economic Adjustment**: Assists state and local interests in designing and implementing strategies to adjust or bring about change to an economy. The program focuses on areas that have experienced or are under threat of serious structural damage to the underlying economic base.

**Community Trade Adjustment Assistance**: Provides project grants to communities that have experienced, or are threatened by, job loss resulting from international trade impacts.

**Partnership Planning**: Supports local organizations (Economic Development Districts, Indian Tribes, and other eligible areas) with long-term planning efforts.

**Trade Adjustment Assistance for Firms**: A national network of eleven Trade Adjustment Assistance Centers to help strengthen the competitiveness of American companies that have lost domestic sales and employment because of increased imports of similar goods and services.

**Global Climate Change Mitigation Incentive Fund**: Finances projects that foster economic development by advancing the green economy in distressed communities.

**University Centers**: A partnership of the federal government and academia that makes the varied and vast resources of universities available to the economic development community.

**Research and National Technical Assistance**: Supports research of leading edge, world class economic development practices and information dissemination efforts.

**Local Technical Assistance**: Helps fill the knowledge and information gaps that may prevent leaders in the public and nonprofit sectors in distressed areas from making optimal decisions on local economic development issues.
